Addition of Certain Entities to the Entity List; Revision of Existing Entries on the Entity List**AGENCY:** Bureau of Industry and Security, Commerce.**ACTION:** Final rule.**SUMMARY:** This final rule amends the Export Administration Regulations (EAR) by adding eleven entities to the Entity List. These eleven entities have been determined by the United States Government to be acting contrary to the foreign policy interests of the United States and will be listed on the Entity List under the destination of the People's Republic of China (China). This rule also modifies or revises thirty-seven existing entries on the Entity List under the destination of China.**DATES:** This rule is effective July 22, 2020.**FOR FURTHER INFORMATION CONTACT:** Chair, End-User Review Committee, Office of the Assistant Secretary, Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Email: ERC@bis.doc.gov.**SUPPLEMENTARY INFORMATION:****Background**

The Entity List (15 CFR, subchapter C, part 744, Supplement No. 4) identifies entities reasonably believed to be involved in, or to pose a significant risk of being or becoming involved in, activities contrary to the national security or foreign policy interests of the United States. The Export Administration Regulations (EAR) (15 CFR parts 730-774) impose additional license requirements on, and limit the availability of most license exceptions for, exports, reexports, and transfers (in country) to listed entities. The license review policy for each listed entity is identified in the “License review policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** document adding entities to the Entity List. BIS places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

ERC Entity List Decisions*Additions to the Entity List*

This rule implements the decision of the ERC to add eleven entities to the Entity List. The eleven entities are being added based on § 744.11 (License requirements that apply to entities acting contrary to the national security or foreign policy interests of the United States) of the EAR. The eleven entities are located in China.

The ERC reviewed and applied § 744.11(b) (Criteria for revising the Entity List) in making the determination to add these eleven entities to the Entity List. Under that paragraph, persons for whom there is reasonable cause to believe, based on specific and articulable facts, that they have been involved, are involved, or pose a significant risk of being or becoming involved in, activities that are contrary to the national security or foreign policy interests of the United States, along with those acting on behalf of such persons, may be added to the Entity List. Paragraphs (b)(1) through (5) of § 744.11 provide an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States.

For each of the eleven entities described below, the ERC made the requisite determination under the standard set forth in § 744.11(b). Specifically, the ERC determined that the entities are engaging in or enabling activities contrary to the foreign policy interests of the United States. All eleven entities have been implicated in human rights violations and abuses in the implementation of China's campaign of repression, mass arbitrary detention, forced labor and high-technology surveillance against Uyghurs, Kazakhs, and other members of Muslim minority groups in the Xinjiang Uyghur Autonomous Region (XUAR). Specifically, the ERC determined that Changji Esquel Textile Co. Ltd.; Hefei Bitland Information Technology Co. Ltd.; Hefei Meiling Co. Ltd.; Hetian Haolin Hair Accessories Co. Ltd.; Hetian Taida Apparel Co., Ltd.; KTK Group; Nanjing Synergy Textiles Co. Ltd.; Nanchang O-Film Tech; and Tanyuan Technology Co. Ltd. are engaging in activities contrary to the foreign policy interests of the United States through the practice of forced labor involving members of Muslim minority groups in the XUAR. The ERC also determined that Xinjiang Silk Road BGI and Beijing Liuhe BGI are enabling activities contrary to the foreign policy interests of the United States through conducting genetic analyses used to further the

repression of Muslim minority groups in the XUAR.

Pursuant to § 744.11(b) of the EAR, the ERC has determined that the conduct of these eleven entities raises sufficient concern that prior review of exports, reexports or transfers (in-country) of all items subject to the EAR involving these entities, and the possible imposition of license conditions or license denials on shipments to these entities, will enhance BIS's ability to prevent items subject to the EAR from being used in activities contrary to the foreign policy interests of the United States.

For the eleven entities identified above that are being added to the Entity List, BIS imposes a license requirement for all items subject to the EAR and a license review policy of case-by-case review for Export Control Classification Numbers (ECCNs) 1A004.c, 1A004.d, 1A995, 1A999.a, 1D003, 2A983, 2D983, and 2E983. A policy of case-by-case review also applies to items designated as EAR99 that are described in the Note to ECCN 1A995, specifically, items for protection against chemical or biological agents that are consumer goods, packaged for retail sale or personal use, or medical products. Additionally, in light of the current global pandemic, BIS has adopted a policy of case-by-case review for items subject to the EAR that are necessary to detect, identify and treat infectious disease. BIS has adopted a license review policy of presumption of denial for all other items subject to the EAR. For all eleven entities, the license requirements apply to any transaction in which items are to be exported, reexported, or transferred (in country) to any of the entities. In addition, no license exceptions are available for exports, reexports, or transfers (in-country) to the entities being added to the Entity List in this rule. The acronym "a.k.a." or 'also known as' is used in entries on the Entity List to identify aliases, thereby assisting exporters, reexporters and transferors in identifying entities on the Entity List.

This final rule adds the following eleven entities to the Entity List and includes, where appropriate, aliases:

People's Republic of China

- Beijing Liuhe BGI;
- Changji Esquel Textile Co. Ltd.;
- Hefei Bitland Information Technology Co. Ltd.;
- Hefei Meiling Co. Ltd.;
- Hetian Haolin Hair Accessories Co. Ltd.;
- Hetian Taida Apparel Co., Ltd.;
- KTK Group;
- Nanchang O-Film Tech;

- Nanjing Synergy Textiles Co. Ltd.;
- Tanyuan Technology Co. Ltd.; and
- Xinjiang Silk Road BGI.

Modifications and Revisions to the Entity List

In this final rule, BIS is modifying each of the existing entries for the thirty-seven entities that were added to the Entity List under the destination of China on October 9, 2019 (84 FR 54004) and June 5, 2020 (85 FR 34505). Specifically, in light of the current global pandemic, the license review policy for these thirty-seven entries is being modified to reflect a policy of case-by-case review for items subject to the EAR that are necessary to detect, identify and treat infectious disease. The license review policy for these entities otherwise remains the same.

In addition, this final rule revises two entries for entities on the Entity List under the destination of China. BIS is revising the entity name in the entry for "Xinjiang Uighur Autonomous Region (XUAR) People's Government Public Security Bureau," which was added to the Entity List on October 9, 2019 (84 FR 54004), and revising an address in the entry for the entity "Ministry of Public Security's Institute of Forensic Science of China," which was added to the Entity List on June 5, 2020 (85 FR 34505). Both revisions replace the term "Uighur" with "Uyghur" consistent with the standardized spelling utilized by the United States Government in official communications and documents.

Savings Clause

Shipments of items removed from eligibility for a License Exception or for export or reexport without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export or reexport, on July 22, 2020, pursuant to actual orders for export or reexport to a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export or reexport without a license (NLR).

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA), 50 U.S.C. 4801–4852. ECRA provides the legal basis for BIS's principal authorities and serves as the authority under which BIS issues this rule.

Rulemaking Requirements

Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been determined to be not significant for purposes of Executive Order 12866. This rule is not an Executive Order 13771 regulatory action because this rule is not significant under Executive Order 12866.

Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license applications, and carries a burden estimate of 42.5 minutes for a manual or electronic submission. Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase as a result of this rule.

This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

Pursuant to § 1762 of the Export Control Reform Act of 2018, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.

RIN 3038-AE92

Exemption From the Swap Clearing Requirement for Certain Affiliated Entities—Alternative Compliance Frameworks for Anti-Evasionary Measures

AGENCY: Commodity Futures Trading Commission.

ACTION: Final rule.

SUMMARY: The Commodity Futures Trading Commission (Commission or

CFTC) is adopting amendments to Commission regulation 50.52, which exempts certain affiliated entities within a corporate group from the swap clearing requirement under the applicable provision of the Commodity Exchange Act (CEA or Act). These amendments concern the anti-evasionary condition that swaps subject to the clearing requirement entered into with unaffiliated counterparties either be cleared or be eligible for an exception to or exemption from the clearing requirement. Specifically, the amendments make permanent certain temporary alternative compliance frameworks intended to make this anti-evasionary condition workable for international corporate groups in the absence of foreign clearing regimes determined to be comparable to CFTC requirements.

DATES: The effective date for this final rule is August 21, 2020.

FOR FURTHER INFORMATION CONTACT: Sarah E. Josephson, Deputy Director, Division of Clearing and Risk, at 202-418-5684 or sjosephson@cftc.gov; Melissa A. D’Arcy, Special Counsel, Division of Clearing and Risk, at 202-418-5086 or mdarcy@cftc.gov; or Stephen A.
